

NER
TAN

IN A MINUTE

Tanner is what you might call fluid. With more than fifteen years of experience behind the turntables, his sixth sense has become reading a dance floor. Whatever style is required, he mixes them seamlessly through genres with an uncommon skill in this era of DJ hobbyists.

Based out of Manhattan NYC, Tanner is directly on the pulse of the music and fashion industries. His flare for style; musically and otherwise is one of his hallmarks. His knowledge and creativity keep the most beautiful crowds moving with an uncompromising selection. He has graced not only the hottest clubs in NYC, but has brought his trade to Miami, Shanghai, Hong Kong, Taiwan and has toured across Canada 7 times.

Tanner has shared the turntables with some of the greats including Pete Tong, Dj Riz, Jazzy Jeff, Z-Trip, Nu-Mark and Team Canada to name a few. He has won or placed in every DJ competition he has ever entered including a highly contested 2nd place finish in the Vancouver 2010 Thre3style competition. His client list includes Pioneer, Aritzia, Red Bull, Dream Hotel, Benson and Hedges, Heineken, Coors, Du Maurier, Flight Center, Molson, Bodog and many others.

Recently, he was asked by Aritzia to join an elite crew of tastemakers including Paul Devro, Neoteric and The Rub, to make exclusive mixes to play in their 52 stores.

THE FACTION

Tanner and DJ Arems started the Faction Sound Crew in 2001. In 2008 The Faction were nominated for DJ's of the year and subsequently in 2009 were nominated for Mixtape of the Year at the Stylus award presented by Pioneer.

In 2011 they were invited to play the Redbull world Thre3style championships alongside Pete Rock, Z-Trip, Smalltown DJ's, Team Canada and Vinyl Ritchie.

2012 saw the addition Iron Lyon (MIA) and DeeJay Theory (SF) to The Faction Sound Crew and 2013 promises to be a prolific year for Tanner and company.
